

## Artifact Donations

All of our wonderful artifacts on display in the museum have been donated. Without these donations we would not have such an outstanding museum displaying so many items from our past. Should you have an item you desire to donate, please call our office at 760-789-7644 for a determination as to whether we can accept it. It would be extremely helpful to us if you can provide the following information regarding the item.

1. Description of item.
2. How item was acquired? (gift, purchase, inheritance, etc.)
3. From whom did you acquire the item.
4. Do you know where, when, or by whom the item was originally made?
5. Do you have any accompanying photos or publications pertaining to the item?
6. Do you know of any alternations or repairs made to the item?
7. If the item was a garment, can you provide any information on when or where the garment was worn?
8. Is there any additional information you might be able to provide that would help document the history of the item?

All items donated to our organization are deductible for income tax purposes. The IRS code places the responsibility for estimating the “fair market value” upon the donor.
